K-8 Science Education Resources

for Elementary and Middle School Teachers

www.acs.org/k8education

Hands-on
activities!

**New Chemistry Kits
Now Available!**

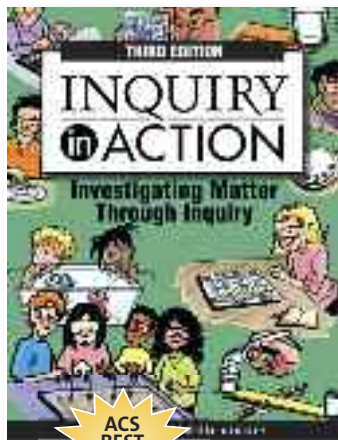

Plus – See Inside for FREE ACS Resources—Activities, Student Assessments, and More!

Supercharge your Science Teaching

Make science everyone's favorite subject with multimedia resources developed by the American Chemical Society

Provide Hands-on Experiences

Use inexpensive household materials to teach science concepts in an enjoyable and lasting way. Preview, download, and try sample activities from each book at www.acs.org/k8education.

SELLER!

3-6 The Best of WonderScience

Teach fundamental science concepts with more than 600 illustrated hands-on activities.

- Simple procedures help students understand big ideas in all areas of science

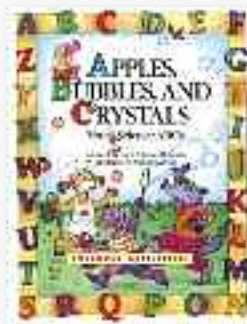

PRODUCT 80943—\$44.95

K-2 Apples, Bubbles, and Crystals

Help younger students see the science that is all around them in this delightful hands-on activity book.

- Features a poem and science activity for each letter of the alphabet
- Illustrations and clear instructions show children what to do

PRODUCT PH14—\$9.95

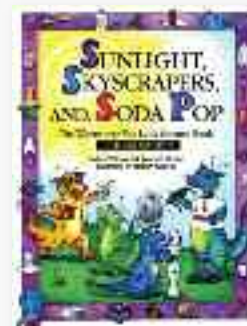

K-2 Sunlight, Skyscrapers, and Soda Pop

Follow Sally and Sammy on a fun-filled expedition and discover the science that is all around them.

- Features science activities young children can do
- Cute characters demonstrate each step

PRODUCT PH18—\$9.95

Buy Both Books and Save!

PRODUCT PH19—\$16.95

4-8 *Denotes Grade Level*

Celebrate Chemistry!

National Chemistry Week and Earth Day

Celebrate National Chemistry Week in October and Earth Day in April each year with themed resources and local events.

- Free downloadable hands-on activities, articles, and puzzles
- Boxed sets of 250 copies available for large events

Free Online—www.acs.org/ncw or www.acs.org/earthday

hing

an American Chemical Society especially for elementary and middle school teachers.

Chemistry Kits

Treat your students to a series of special science lessons that make them feel like real scientists while learning science concepts in your curriculum. Preview each kit at www.acs.org/k8education.

NEW!

Each kit includes:

- At least one demonstration
- Three hands-on activities
- Teacher's guide
- Student lab guide
- Supplies for up to 32 students

5-8 Jiggle Gels: Explore Properties of Polymers

Measure with purpose and cause exciting physical changes as you investigate the baby diaper polymer, place a super-absorbing dinosaur toy in water, and make slime.

PRODUCT TK83241—\$60.00

4-6 What's New, CO₂? Get to Know a Chemical Reaction

Combine chemicals and explore the invisible gas produced to discover how self-inflating balloons work.

PRODUCT TK83245—\$60.00

5-8 Chemistry's Rainbow: Neutralize an Acid and a Base

Interpret color changes like a scientist as you create acid and base solutions, neutralize them, and observe a colorful chemical reaction.

PRODUCT TK83243—\$60.00

Encourage Future Scientists

2-6 Science for Kids

Turn your kitchen into a science lab with more than 140 hands-on activities that use household materials.

- Printable activities, puzzles, and chemist interviews
- Online games and interactive articles

Free Online—www.acs.org/kids

5-8 Byte-size Science Podcasts

Learn about the latest discoveries in chemistry with these entertaining podcasts.

- Free, fun, and easily accessible via iTunes or RSS feed
- Reveals how chemists work to improve our lives

Free Online—www.acs.org/bytesizescience

6-8 Chemistry and Your Career: Questions and Answers

Get your middle school students thinking about their futures with information about careers in chemistry.

- Quick-read format
- Describes a variety of career paths

Free Online—www.acs.org/k8education

Keep It Safe!

Safety in the Elementary Science Classroom, 2nd Edition

Identify hazards before they become accidents with advice from the ACS Committee on Chemical Safety.

- Proper eye and other personal protection
- Safe practices when using fire or other heat sources
- Dangers associated with common materials
- Guidelines for bringing plants and animals into the classroom
- Download for free at www.acs.org/k8education

PRODUCT 14580—\$5.00 FOR A SET OF 10 COPIES

Goggles

Protect your eyes and look like a scientist with your own fog-free safety goggles.

- Packaged in boxes of 24

JUNIOR GOGGLES (AGES 6-12) –
PRODUCT 83438JR—\$90.00

ADULT GOGGLES –
PRODUCT 83438AD—\$90.00

MEMBER PRICE

For ACS members, we offer lower prices on specific products. To take advantage of these prices, please note:

1. For a written order or P.O., provide your ACS member number on the order form.
2. For a telephone order, provide the customer service representative with your ACS member number.

OPTIONS FOR ORDERING

- **Telephone** ACS Education Products customer service representatives at 1-800-227-5558 from 8:30 am to 5:00 pm Eastern Time, Monday–Friday.
- **Fax** your purchase order or credit card order to 202-872-6067.
- **Complete the order form and mail** it with your payment to ACS, Office of Society Services, 1155 Sixteenth St., NW, Washington, DC 20036.

PAYMENT TERMS

All orders must be prepaid or accompanied by a purchase order. All international orders must be prepaid with payment in U.S. currency. For individual orders, make check or money order payable to American Chemical Society or charge to your VISA, MasterCard, or American Express. When purchasing by credit card, your telephone number and signature must be provided. Purchase orders will be accepted from business organizations. Shipping charges will be added to all orders. For rush orders, call 1-800-227-5558; additional charges will apply.

THE ACS GUARANTEE

We offer a 100% money-back guarantee of all our products. If you are not completely satisfied, simply return your order in its original condition to ACS Education Products, Office of Society Services, 1155 Sixteenth St., NW, Washington, DC 20036, and we will refund your money or issue a charge credit. Include a copy of your invoice or your original order number to ensure proper credit. If you do not receive items in usable condition, notify the Office of Society Services.

About the American Chemical Society (ACS)

ACS is the world's largest scientific society with more than 154,000 members. ACS publishes scientific journals, delivers the most up-to-date chemical information, and provides opportunities for chemists to develop their careers. The ACS Education Department develops science education resources that help teachers and parents educate and excite elementary and middle school students about science. Please contact kids@acs.org if you have questions or need more information about K–8 resources.
